VOL : IX

NOV. 2022

DIRECTOR'S DESK

Hon. Achyut Sawantbhonsale
Executive Chairman, SYBES

Dear parents & students, a sparkling new academic year to all of you. As a part of the Bhoneale Knowledge City family, I believe that in this New Year, we all together would come forward to complete our commitments with more enthusiasm, extra efforts & determination. We should demonstrate our exemplary achievements throughout the semesters to come. Mechanical Department is bringing out its seventh issue of 'The Horizon.' This will provide you an inside story of the departmental activities. I would like to give my best wishes to all the editorial board members, staff members and students for making 'The Horizon.' interesting and more informative.

★★★

Editorial Committee

Editor in Chief

Mr. G. A. Bhoneale (Principal)

Co-Ordinator

Mrs. Nehal N. Sandye (Lecturer)

Departmental Faculty Member

Mr. R. B. Giryalkar (Lecturer)

ViSiON

To have a foundational impact on our students through continual education in Mechanical Engineering.

To transform our students into employable engineers using fundamentals of Mechanical Engineering.

M1

To enhance capabilities of our students by exposing them to outside world.

M2

To serve the society through technical contribution in Mechanical Engineering.

M3

WE DID IT AGAIN !

NBA Re-accreditation for Mechanical Engineering

We are happy to inform that our department of Mechanical Engineering got reaccreditation by NBA till 2025. We thank to all our students, staff members, parents, management and well-wishers for continuous cooperation with us.

Industrial Visit at Hindustan Polymers Ltd

On 09th November 2022, Department of Mechanical Engineering organized an industrial visit at Hindustan Polymer for Second Year Mechanical Engineering students to gain additional knowledge in the field Mechanical Engineering Materials. Mr. Satpute gave information about company, organization structure products, manpower etc. Students observed organization layout and various departments. Hindustan polymer produced Teflon based products. These products are manufactured by powder metallurgy process. Students got knowledge about powder compacting using hydraulic press, sintering, heating of material in furnace.

HOD DESK

Mr. A.J.Rane
HOD, Mech Dept.

Welcome and best wishes to all the stakeholders of the Mechanical Department It gives me a great opportunity to present the seventh issue of 'The Horizon.' It has been an interesting and busy semester for the members of the department. The past semester was full of various activities by the students and faculty in academic, co-curricular and extra-curricular activities. Curricular and extra-curricular activities will give the outlet to students' talent. Newsletter brings forth this hidden talent of students.

As you read through the pages you will realize that the department had a particularly very successful semester. I would like to thank all my colleagues for their tireless efforts to help the department progress at a very steady pace.
